Letter of Introduction

Dear Business Manager;

Every business today must have a quality web site to compete in today's market place. Consumers are turning to the web rather than letting their fingers do the walking with Yellow Page ads. Your web site is an extension of your business allowing consumers 24/7 access to your company information.

Your web site IS the most cost effective advertising and business marketing medium in the world and can do so much more for your business than any other type of marketing means. Video, FLASH, photos, forums, E-Commerce, 24/7 contact information, and the list goes on and on.

We specialize in today's web 2.0 standards for sites we design which are created to do well for your business in the search engines, and allow for complete self management systems which saves you fortune in site management costs right away.

Your web site is also a business tax deduction since it is a legit marketing expense for your business.

We have been in the site design/hosting business since 1993 in St Johns county and have many sites to our Credit since this time. Even if you have an existing site, you should call us for a free consultation or a Demonstration to see how the web was meant to be to work FOR YOU.

We also offer these additional related services as well.

- Search engine optimizations and submissions
- In person Training
- Free Consultations
- Graphic Designs and Logos
- Advertising services via our local targeted web portals
- Quick friendly services
- Video Editing services
- Web Hosting services
- Great low pricing

Local Technical Co-Op Member:

FECN News services is also a member of a local St. Johns county area co-op of seasoned professionals from web site designs, to computer sales, electronic repairs, and most everything in between. We work together as a team to ensure whatever your needs may be brought to you at reasonable prices for best in class services. Visit Co-op members profiles at: <http://florida-webmasters.com/news>

Yours faithfully;

John Hogan
Owner/Systems administrator

We put small businesses on a level playing field with their larger competitors and make it EASY for them to save \$\$\$
