On the web at: <http://florida-webmasters.com/news>

Since 1993 Consider that we design sites for small and large businesses alike which includes other web masters, community services type portals, and more.

Some of the Features and Modules within the Sites we create for clients:

- * Automatically Syndicated News Articles (Via RSS news feed)
- * Journals (known as BLOGS)
- * Job Search module
- * Recipes menu module
- * Classifieds Modules
- * Forums Module (public and Private forums allowed)
- * Google friendly Site Maps
- * Language Translator module
- * PayPal type shopping system module
- * Arcade type Games modules
- * Online Postcards module
- * PM (Private messenger module)
- * On site Chat Box module
- * Membership registration system and membership Classes module
- * Theme selection module (allows you to change the look of your site on the fly)
- * Custom Theme display module allows you to display a different Look
- * Custom Pages module - Create as many pages as you wish easily
- * Custom Menus Module allows you to create customized navigational menus and more
- * Article Columns module
- * Built in HTML style Mailing list module
- * The ability to Password protect certain pages, or make certain pages viewable to anyone
- * Upcoming Events Calendar
- * Site traffic logging statistics
- * What you see is what you get inline editing system
- * System allows for easy photo uploads for use at the site
- * Photo Gallery system (This galleries photos ARE searchable in the search engines)
- * Built in Search engine for EVERY MODULE
- * User friendly Page Printouts
